IT PASSED THE HOUSE

Bill to Abolish Contract Convict Labor in Ohio Institutions.

SOME FEATURES OF THE MEASURE.

Salary Bill Goes Through the Senate Without Opposition—Other Important Measures Introduced and Passed.

Columbus, O., Feb. 14.—The morning session of the house was occupied in considering the Saffin bill to abolish contract convict labor in all the penal and correctionary institutions and workhouses in the state.

Mr. Saffin of Hamilton, one of the labor members of the house, who introduced the bill, opened the argument by a plain statement of facts in favor of the bill.

Mr. Pollock of Stark made a convincing argument in favor of the bill, as did Mr. Davis of Cuyahoga, while Mr. Hauer of Madison added his voice to Mr. Rankin of Fayette in opposition. Further debate, upon the bill was cut off by the demand for the previous question, and the bill came to a vote. It passed by a vote of 65 yeas to 39 nays.

The bill provides that a commission of three persons shall be appointed by the governor to dispose of all machinery and equipment of institutions now used in the manufacture of articles that compete with free labor; that prisoners shall be employed in the manufacture only of such articles as are used by the state in public institutions and public offices, and provides that all such products of convict labor shall be conspicuously branded.

On motion of Mr. Snyder of Stark the house, by a vote of 49 yeas to 39 nays, voted to reconsider the Seese normal school bill, which failed in the house by four votes last Thursday. On motion of Mr. Sharp of Fairfield the bill was recommitted to the committee on common schools. It will be reported back to the house within a few days and a desperate effort will be made to pass it when it comes to a vote again.

Other bills introduced: To create the office of salt inspector at a fee of one-half cent per barrel; providing for the appropriation of \$500,000 in bonds and \$500,000 in debt certificates, payable in 1904 and 1905, for the Ohio centennial; to create the office of but one oil inspector at \$1,500 per year; to limit street car franchises to 25 years; providing that where insurance underwriters combine to fix the rate of premiums the same shall be considered a trust.

Members of the house are being flooded with letters from laboring men favoring the adoption of the Ross joint resolution to submit to the voters the proposition to amend the constitution to provide for the initiative and referendum relative to legislation. Unless the judiciary committee, to which the resolution was referred, makes a report on the resolution pretty soon Mr. Ross will endeavor to have the resolution taken from the committee.

Senate Proceedings.

In the senate a flood of bills flowed into the hopper, as follows:

Providing that inmates of all state penal and benevolent institutions shall be clothed at the expense of the county from which they were sent; to prevent official stenographers from "farming" out their work; authorizing the trustees of Marion township, Clermont county, to establish a cemetery fund; fixing the compensation of members of county boards of equalization permanently at \$5 per diem and 12 cents per mile mileage.

Senator Cohen introduced three bills, all aimed at seers, astrologists, palmists and clairvoyants. Without interfering with licenses to such persons now in force it repeals all laws authorizing such licenses, and makes it a misdemeanor for any person not a spiritualist medium recognized by the spiritualists themselves to practice professionally spiritualism.

Senator Sheppard introduced a bill providing for a reappointment of real property every five years, instead of 10 years, as now. It also provides for a state board of equalization of 21 members, to be elected by congressional districts. It also adds oil to the list of mineral wealth to be taken into consideration of the tax value of land. Without opposition Senator Cohen's bill increasing the salary of the lieutenant governor from \$800 to \$1,500, and the salaries of the supreme judges from \$4,000 to \$6,000, passed the senate.

Other bills passed: Increasing the sum that may be paid for the burial

of indigent soldiers from \$35 to \$50; to enable hotelkeepers to realize their claims on effects of guests who fail to pay their bills; providing that credits may be listed at their real instead of their face value; authorizing the incorporation of sanitarium companies; increasing the compensation of the second assistant prosecutor of Franklin county from \$1,200 to \$1,500.

Other measures introduced: Providing for the establishment of an Ohio hospital for inebriates and dipsomaniacs; to re-organize the state board of pardons; to prevent the employment of attorneys to solicit managers of Mansfield reformatory to parole inmates.

The Clark local option bill was referred to the committee on judiciary.

ANTI-TRUST CONFERENCE.

Platform Adopted and Numerous Addresses Read and Discussed.

Chicago, Feb. 14.—Numerous papers were read at the sessions of the Anti-Trust conference, followed by rather warm discussions. A platform was adopted denouncing trusts and calling upon congress to place on the free list all articles sold by the combine.

An address to the American people on the trust question, formulated by the resolution committee, was read to the convention amid great applause. Ignatius Donnelly, Jerry Simpson and others agitated the calling of another convention and the formation of a new party. Unless this was done, said Donnelly, the conference would not amount to as much as a last year's bird nest.

Uniform Plans Desired.

Chicago, Feb. 14.—Members of a dozen boards of trade and commercial exchanges met at the Grand Pacific hotel for the purpose of discussing what they call existing evils, and seeking some remedy. The delegates say the bucketshop is the greatest detriment to the business of merchants on change, and agree some stringent measure should be adopted. Uniform plans for trading and commissions were also talked over.

Storm in France.

Paris, Feb. 14.—A serious storm prevailed throughout France. Telegraph lines are broken everywhere and communication by wire with Great Britain, Italy, Spain and Switzerland and parts of Germany is interrupted. Considerable damage has been done and a number of fatalities have occurred, due to falling roofs and trees. The seaside towns have suffered badly and shipping casualties are feared.

Counterfeiters Arrested.

Vincennes, Ind., Feb. 14.—Chief of Police Robertson and his assistants arrested Frank Long and Mike Wilson, alias John Hunter, alias "Irish Mike," at the home of the former here, for counterfeiting. The ladle, a quantity of babbit metal and \$75 of the "queer" was found on the table around which they were seated, making the divide. The prisoners were handcuffed and taken to jail.

Wiring the Philippines.

Washington, Feb. 14.—General A. W. Greely, chief signal officer, U. S. A., said that all the energies of his department are at present being directed toward the establishment of a thorough telegraph and telephone system in the Philippines to meet the constant growing demand for such service incident to the military operations in the islands.

State Prison Board.

Columbus, O., Feb. 14.—The governor's private secretary appeared in the senate with the governor's appointments for the state prison board, as follows: Aaron Wayne, Akron; Coleman Gillilan, Hillsboro; Harry S. Griffith, Mt. Gilead; A. J. Sheppard, Zanesville, and McEldon Dun of Bellefontaine. They were all unanimously confirmed without reference.

Crown Prince Betrothed.

Washington, Feb. 14.—A telegram has been received at the Japanese legation to the effect on the 11th inst. the betrothal of his imperial highness, the crown prince, to Princess Sadako, the fourth daughter of Prince Kujo, was officially announced. Prince Kujo is the head of one of the oldest and most prominent noble families in Japan.

Government Ownership of Railroads.

Chicago, Feb. 14.—The resolutions committee of the anti-trust conference decided to report in favor of government ownership of railroads, and for their seizure on payment of real value without payment for "watered stock or other fictitious values."

Dr. Washington Gladden, the famous divine, is a nonpartisan candidate for council from the Seventh ward, Columbus, O.

JUDGE TAFT'S RULING

Federal Court Has No Jurisdiction in the Kentucky Contest.

REFUSES TO GRANT INJUNCTIONS.

Both Governors Go Into the State Courts Praying For Injunctions—Sessions of the Two Legatures.

Cincinnati, O., Feb. 14.—Holding that the federal court had no jurisdiction in the contests in Kentucky, Judge Taft refused to grant the application for injunctions against the Kentucky state board of elections and the Democratic contestants for the offices other than governor and lieutenant governor.

Judge Taft finished reading his opinion at 2:50 p. m., in which he denied the application for the injunction in both cases in the Kentucky suits. After citing the law showing that the federal court had no jurisdiction in such cases, he reviewed the Goebel election law as the most infamous statute that had ever come before the attention of a court and also denounced in very vigorous terms the conditions that have existed in Kentucky and that are cited in the bill of facts. But he held that it was merely a matter of law with the court, notwithstanding the outrages that are alleged in the undisputed statement of the facts of the petitioners.

Democratic Legislators.

Louisville, Ky., Feb. 14.—The senate met without a quorum and adjourned. In the house the senate resolution calling upon Governor Taylor to withdraw the militia from the capital and surrender the executive offices to Governor Beckham was adopted after some debate, the feature of which was a speech by Representative Emmett Orr taking exception to the clause of the resolution asserting that the shot which killed Governor Goebel was fired from the executive building.

Taylor's Petition.

Louisville, Ky., Feb. 14.—Governor Taylor took the initiative and has prepared an application for an injunction against J. C. W. Beckham and John S. Castleman. He seeks to enjoin the first named defendant from exercising the duties of governor of Kentucky and the second defendant from acting as adjutant general. Taylor sues as an individual and also as governor of Kentucky.

Beckham's Suit.

Frankfort, Ky., Feb. 14.—Governor Beckham's suit to compel Governor Taylor to surrender to him the office of Governor was filed here. Judge Pryor prepared the petition, which is in the nature of an injunction and quo warranto proceedings.

No Quorum.

Frankfort, Ky., Feb. 14.—The house and senate convened at 11 o'clock, and, both lacking a quorum, adjourned to meet on Thursday.

Salvation Army.

New York, Feb. 14.—The Salvation army celebrated the twentieth anniversary of its establishment in the United States with a largely attended meeting in Carnegie hall. William, the infant son of Commander and Consul Booth-Tucker was publicly dedicated to God and the army. "The Salvation Army Outlook in the United States for the Twentieth Century" was the subject of an address by Commander Booth-Tucker. He said in part: "In the last 20 years the number of persons attending our sessions in America who have knelt at the penitent bench has been 500,000, and, basing an estimate on these figures, the army will have a million souls to its credit at the end of the next 20 years."

Of Interest to Brewers.

Washington, Feb. 14.—The ways and means committee of the house agreed to report a bill of much interest to the brewing interests, abolishing what are known to the trade as sixth and eighth barrels, making quarter barrels the smallest packages of this character authorized by law. The small sizes have been easily lost, and as the commissioner of internal revenue reported that no diminution of revenue would result from the change, the committee decided to yield to the request of the trade in this particular.

Rescued at Sea.

New York, Feb. 14.—The French freight steamer Fournel, which arrived from Bordeaux and Havre, rescued at sea on Jan. 30 the captain and crew of the Italian steamer Francesco Grasso, bound from Liverpool for Genoa, coal-laden, in a sinking condition. All hands, consisting of 19, including the Liverpool pilot, were saved and brought to this port.

FRICK V. CARNEGIE.

Iron Kings Engaged in a Desperate Struggle For Supremacy.

Pittsburg, Pa., Feb. 14.—The announcement that the long-threatened clash of the steel kings had been finally precipitated by H. C. Frick filing the widely heralded suit against Andrew Carnegie and the Carnegie Steel company, praying for an equitable accounting of the ex-chairman's stockholdings in the giant steel concern, created a sensation in financial and manufacturing circles here. The suit is regarded as the most important ever filed in connection with the steel business, and it is said that more money is at stake than in any legal proceedings ever brought in this country, in which all the parties were simply citizens.

The steel manufacturers view the trouble as a bitter personal struggle for supremacy and are watching each move with intense interest. The legal talent called into action by the suit is an array of the giants of the profession in this state, with probable luminaries of national repute yet to be included.

Attorney McCook of Frick's counsel said that he confidently expected the suit to come to trial before midsummer, and probably much earlier.

Floods in New England.

Boston, Feb. 14.—The gales of the the equinox have scarcely ever exceeded in force the storm which has swept over New England, leaving in its wake damage by flood that is almost incalculable. For 24 hours a heavy rain brought to a climax the most unseasonable winter New England has known for a great many years. Tributary bodies of water, which a few weeks ago were so low that drouth in mid winter was threatened, have been changed into torrents of threatening volume. From drouth to flood, with all the damage done at both extremes to the manufacturing and investing interests, is now added the cost of replacing bridges swept away and of repairing railway and highway beds torn up. The most extensive damage reported is along the Merrimac and Connecticut rivers.

Affects Other Cities.

Chicago, Feb. 14.—The Building Trades' council announced through its secretary that the National Building Trades council would be called upon to call strikes in other cities. Buildings being constructed by Chicago contractors who have locked out union labor. A committee was appointed to ascertain what work was being done by contractors outside of Chicago. Buildings in New York, Boston and Philadelphia, as well as in many other cities, it is believed, are in course of construction by firms which are members of the building contractors.

Granite Cutters to Strike.

Boston, Feb. 14.—An extensive labor fight is pending, growing out of the refusal of the granite manufacturers to accede to wage demands of the National Granite Cutters' union. At the meeting of the New England Graphite Manufacturers' association resolutions were passed to the effect that the manufacturers cannot accede to the demand of eight hours' labor as a day's work, at \$3 a day as wages. It is understood that the manufacturers would be willing to grant the eight hour day if wages remain at their present rate. It is expected that the men will strike on March 1.

Huge Blast Furnace.

Youngstown, O., Feb. 14.—The largest blast furnace in the world was lighted when slack No. 1 of the National Steel Company was put in operation. The furnace is 106½ feet high, 15 foot crucible, and 20 foot bosh. The capacity of the furnace is 600 tons every 24 hours. Two other furnaces of similar dimensions are under construction and will be completed in two or three months. The output of these furnaces will be used by the National Steel company.

American Wheelmen.

Philadelphia, Feb. 14.—The opening session of the annual assembly of the League of American wheelmen was held here. The assembly may last until Saturday unless there is considerable business of importance to transact. The day was given over to good roads discussion. There will be the usual discussion over the propositions to divert the league from racing and just how this discussion will come out it is difficult to predict at this time.

Charleston, W. Va., Feb. 14.—C. R. Stewart, grocer, died from the effects of a shot fired by his son Louis, aged 19. The son, who is in jail, says he was protecting his mother from an assault made on her by his father. Mr. Stewart had received a comic valentine, and had accused his wife of having sent it. She denied the accusation, and he attempted to assault her when the son fired twice and inflicted the fatal wound.

BULLER'S EVERY MOVE

Closely Watched and Coppered by the Ever-Vigilant Boers.

WING OF HIS ARMY COMES TO GRIEF

While Reconnoitering, It Is Worst-Ed In a Brush With the Boers. Situation at Rensburg and Modder River.

London, Feb. 14.—An official despatch from General Buller at Chieveley announces a reconnaissance at Springfield, resulting in no gain of ground on either side. Captain Hamilton Russell, Lieutenant G. Churchill and 10 men were wounded, and Lieutenant Pilkington and six men were captured by the Boers. The despatch contains details of what appear to be unimportant operations. They only tend to throw light upon the situation by proving that the Boers are actively following Buller's every move.

The despatches announcing the British "retirement" at Rensburg are not satisfactory. "Our losses are not yet known," says one correspondent. "There was hot fighting all day and at night the British retreated." This news is the more depressing to London, because only a few days ago it was believed General French was about to take Colesberg. If the Boers are able to defeat General Clements in a decisive engagement, they may threaten Lord Roberts' base of supplies at De Aar junction.

This unexpected show of strength by the Boers at Colesberg has amazed those who were predicting an easy march for Lord Roberts through the Free State. It is believed that General Buller has withdrawn his whole force from Potgieter's drift and Springfield to Chieveley, and is exactly where he began two months ago.

It is officially announced that the British cavalry division, under General French, Monday, Feb. 12, seized the crossing of the Reit river at Dekil's drift, on the east bank, on which the sixth and seventh divisions are now camped.

It is thought possible that the Lieutenant Churchill reported to be slightly wounded is Winston Churchill's brother John, and who joined General Buller's command.

Roberts' Dispatch.

London, Feb. 14.—The following despatch has been received at the war office from General Roberts, dated Reit river, Feb. 13.—"Colonel Hannay, in command of a brigade of mounted infantry, marching from Grange river to Ramah, had a slight engagement Feb. 11 with the Boers holding the hills and threatening his right flank. With a detached part of his force Colonel Hannay detained the enemy while he pushed his baggage and main body through to Ramah. The object of the march was successfully carried out. Four men killed, 22 wounded and 13 are missing."

Army Canteen.

Washington, Feb. 14.—At the hearing on the subject of army canteen before the house committee on military affairs Captain Frank M. Wells, late chaplain of the First Tennessee regiment, testified in detail as to the prevalence of drunkenness on army transports and in the Philippines. Mr. Wells repeated his statements which he has made in lectures relative to the sale of liquor on the transports Zealandia and Indiana, and related instances of alleged drunkenness and immorality at Manila, Iloilo and Cebu, as well as on the ships.

Montreal Channel.

Buffalo, Feb. 14.—It appears that the Dominion government was in too much of a hurry to announce the completion of its 14-foot channel to Montreal. It is now acknowledged that a great deal more work will have to be done on the Upper St. Lawrence before a safe 14-foot waterway will be ready for use, and that in all probability the whole of the coming season will be required to make the Montreal route ready for business.

To Repeal Horton Boxing Law.

Albany, N. Y., Feb. 14.—Governor Roosevelt stated that he is watching with a great deal of interest the progress of the bill to repeal the Horton boxing law. The governor thinks that the recent boxing contests in New York city show that the repeal law should pass.

Will Resume Work.

Pittsburg, Pa., Feb. 14.—The Monongahela tin plate works and the Star tin plate works, both owned by the American Tin Plate company, which has been closed for two months, will resume operations on Feb. 26. The two employ over 1,000 workmen.

WEATHER FORECAST FOR KENTUCKY—Fair and much colder to-night; Friday, fair and continued cold.

JEFFERSON said: "If there can be one principle more deeply written in the mind of every American it is that we should have nothing to do with conquest."

The Louisville correspondent of The Cincinnati Post tells how members of the Democratic branch of the Kentucky Legislature observed the Sabbath. He says:

"The Legislators spent Sunday in various ways. Some went to church, one squad visited the Jeffersonville (Ind.) Reformatory and the Buckingham Theatre proved an attraction for a good many."

The Buckingham Theatre, dear reader, is just about the "toughest" place on top of ground; it is the paradise of lewdness and its patrons are largely of the worst classes—as good, perhaps, as many members of the Legislature.—Public Ledger.

And the owner of this "toughest place on top of ground" was a leader in the fight against the Democratic ticket last fall, and was also a prominent figure in the so-called "Honest Election League." This is not disputed.

But, as to the statement that a good many of the Democratic members of the Legislature were attracted to this disreputable resort on Sunday, we have only the say-so of a sensational and irresponsible news gatherer. The editor of the Ledger has frequently characterized the Post as "a lying sheet," or words to that effect, but he hastens to appropriate matter from the Post's columns to carry on his campaign of abuse and vile slander against the Democratic members of the Legislature.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there is no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents at J. J. Wood & Son's drug store. Every bottle guaranteed.

THE FENCE THAT FENCES

Is the fence that has been sought for many years. People who needed fences have been looking for it. People who make fences have been trying to solve the problem. There has been a gradual evolution from the rail fence and rock wall in which every form of wood and metal and their combinations have been tried and found wanting in some essential feature until

THE AMERICAN FIELD AND HOG FENCE

made of galvanized woven steel wire, was produced. The strength and durability of this fence, together with its comparatively LOW COST, combines to give it a wonderful popularity. We are sole agents in this locality, and would like to have those interested call and inspect the fence and get our prices.

NEW SPRING

Dress Gingham and Percales

The early arrival of these goods is to meet the demands of the prudent housewife who begins to do her Spring sewing now. In Gingham we are showing about seventy-five different styles in checks and stripes and the new corded effects. You'll find them in all colors and designs and prettier than ever before. They are the regular 12½c. grade, but our price is 9½c. a yard. Our percales are a full yard wide and made of the very best fabric. The stock is very large and contains a most select variety of patterns for shirts and shirt waists. Price, 12½c. a yard.

SUPERB LACE ALL OVERS.

Dame Fashion has decreed the Lace All Overs as the proper material for Spring and Summer of 1900. They will be used extensively for yokes and fronts of shirt waists, and where the purse can stand it, for the shirt waist complete. We have them in large quantities, comprising the daintiest of designs—all our direct importations—and at prices to insure you a saving. They range in widths from 18 to 22 inches. Prices from 49c. to \$1.98. It will pay you to investigate.

BUYERS OF TOBACCO COTTONS.

Will find that our store is still headquarters for these goods. We are showing six different grades at prices ranging from 1½ to 3½c. a yard. You'll find the best quality for the least money here.

HALL--MARSHALL.

A Popular Young Couple Quietly Wedded Last Evening.

Representatives of Two Prominent Kentucky and Virginia Families Happily Married.

The marriage of Miss Suzanne Huston Hall to Mr. Carroll Preston Marshall was solemnized last evening at 9 o'clock at the home of the bride's parents, No. 8 West Third street, Rev. J. W. Porter, of the First Baptist Church, officiating.

Owing to a recent death in the bride's family, the wedding was a very quiet affair, only relatives and a few intimate friends of the couple being present.

At the close of the impressive ceremony, the officiating minister presented a handsomely bound bible to the newly wedded, with the statement that they would find passages marked therein for their comfort and consolation should clouds ever come to darken their future pathway.

The bride is a daughter of Mr. and Mrs. James H. Hall, her father being President of the James H. Hall Plow Company. She was beautifully gowned in white organdie over white silk, and carried a bunch of violets.

The groom is a son of Prof. and Mrs. J. P. Marshall, of Barboursville, W. Va., and is cashier in the office of the Adams Express Company at Huntington, W. Va., having been promoted to his present responsible position for faithful services.

ent responsible position for faithful services.

Mr. and Mrs. Marshall left on the 10:41 train over the C. and O. for Huntington, where they will be at home at 925 Fifth avenue. Their many friends unite in congratulations and good wishes.

RAY'S cough syrup is guaranteed to cure that cough. At Postoffice Drugstore.

SAMUEL WOODS, of Paris, has been granted an increase of pension—from \$6 to \$8 a month.

P. SWANGER sold to Mr. Styles, for Liggett & Myers, about 7,000 pounds of tobacco in winter order at 8 cents.

MR. GALBREATH, near the North Fork, sold about 30,000 pounds of tobacco to parties in this city at 8 cents.

REV. J. M. EVANS has gone to Mississippi to hold a series of revival meetings. His headquarters will be at Meridian.

REV. J. S. MEREDITH, pastor of St. Peter's Episcopal Church of Paris, has received a call from a Covington Church.

TAKE Chenoweth's Cough Syrup for coughs, colds and all affections of the lungs and throat. Made by Thos. J. Chenoweth.

ON March 13 the Kentucky General Assembly will adjourn sine die, that being the last of the sixty legislative days set apart by law for the session.

THE marriage of Mr. Charles Kreutz and Miss Ursula B. Chamberlain will be solemnized this evening at home of the bride's father, 'Squire James Chamberlain, near Moransburg.

BALLENGER, the jeweler, never resorts to any clap-trap to attract customers. He relies upon the superiority of his goods, for business founded on that is built on solid rock. He takes great pleasure in showing his fine stock of goods, and invites you to call.

THE LATE JUDGE KEY.

The Tennessee Jurist Was Closely Related to the Key Family of This County.

Judge David McKendrey Key, who died recently in Tennessee, and who was in Hays' Cabinet, was closely related to the Key family of this county. He was a cousin of the late Mr. John R. Key, of near this city, and Captain Peyton Key, of steamboat fame.

His Christian names were common in the Key family, McKendrey having been the middle name of Judge Thomas M. Key, of Cincinnati, partner of Judge Taft for many years, father of the present Judge Taft.

After the electoral vote was stolen from Tilden and given to Hayes Judge D. M. Key, who had been a Colonel in the Confederate army, was made Postmaster General, to conciliate, in some measure, the aggrieved parties.

Notice.

The ladies of Beasley Creek Church Auxiliary Society to C. W. B. M. will give a reception at "Woodlawn," the home of Mr. Tyre L. Holton, on Friday next, Feb. 16th, at 2 p. m. Oysters and substantial refreshments will be served. Also on evening of the same day, at the same place, a nice substantial supper will be served. The public is cordially invited to attend. Admittance 25 cents. The object, to help buy bread for the starving in India.

OWING TO THE GENEROUS SUPPORT OF THE PUBLIC,

We have our stock down to the point that our business will not be interrupted during the improvement in our storerooms. By the time this work is done our Spring stock will begin to come. Pending that we will continue to sell goods at reduced prices to make room. No matter what you see in the papers, if you are in need of anything in our line, from a pair of shoe-strings to an Overcoat, call on us.

YOU WILL GET THE RIGHT STUFF AT THE RIGHT PRICE.

The worries of a weak and sick mother are only begun with the birth of her child. By day her work is constantly interrupted and at night her rest is broken by the wailing of the peevish, puny infant. Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It lightens all the burdens of maternity, giving to mothers strength and vigor, which they impart to their children. In over thirty years of practice Dr. Pierce and his associate staff of nearly a score of physicians have treated and cured more than half a million suffering women. Sick women are invited to consult Dr. Pierce by letter free of charge. All correspondence is strictly private. Address Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

The man who stops advertising is forgotten about as soon as the man who stops living, and the rapidity with which the forgetting business gets in its work after we are out of sight and the insurance collected is what makes some of us want to live a thousand years. Life, however, is something we can't control, that is so far as keeping it going is concerned. But the power is in our hands to keep our advertising going, and just in proportion as we keep it going it will keep us going.—Threshermen's Review.
